EDUCATION

B.Tech Information Technology

SRI KRISHNA COLLEGE OF TECHNOGY
2018 - 2022

ACHIEVEMENTS

React - The Complete Guide

Node.js, Express, MongoDB & More: The
Complete Bootcamp

PROFILE

Results-driven MERN Stack Developer with 2 years of experience specializing in end-to-end web application development. Proficient in MongoDB, Express.js, React, and Node.js, I've successfully delivered scalable solutions through collaborative teamwork. Excited to contribute my expertise to dynamic projects that leverage the full potential of the MERN stack.

WORK EXPERIENCE

PRODUCT ENGINEER

Codingmart Technologies

Feb 2021 - Present

- Worked on Ecommerce application, and developed many features as per client request
- Developed an application for automobile based B2C enterprise company.
- Worked on creating micro services, which generating analytics data in regular intervals
- Worked on Node Cron jobs to update the Stock Inventory
- Learned on CI/CD on gitlab, docker
- Fixing The Production Level Issue and bugs.

PROJECTS

An Gmail based Web Whatsapp

Experience the future of communication with our Gmail login web app, developed using Next.js and styled-components. Fueled by Firebase for secure authentication, this application provides a sleek and responsive user interface. Hosted on Vercel, it ensures global accessibility and automatic deployments. Offering secure Gmail logins and enhanced WhatsApp features, our project represents a forward-thinking approach to unified communication. Explore the next level of seamless connectivity with our innovative web app.

Coinbase Replica - WEB 3

Experience the future of blockchain interaction with our cutting-edge Blockchain UI App. Developed using Next.js, Web3, 3rdweb, and seamlessly integrated with MetaMask, this application offers a dynamic and intuitive interface. Enjoy optimal performance and server-side rendering with Next.js while securely connecting to blockchain networks through Web3. Utilize 3rdweb for a decentralized architecture, ensuring trustless interactions and data integrity. Seamlessly integrate MetaMask for a familiar and secure wallet interface. This app represents a paradigm shift in decentralized application development, providing a secure, intuitive, and feature-rich experience for users exploring the world of blockchain.
